FOREST FIRE WARDEN'S REPORT

During this critical period it is more than ever the part of good and prudent citizenship to remember

1. That permission to burn in or near woodland or where fire may be communicated to woodland must be secured from the forest fire warden when the ground is not covered with snow.

2. To be careful when smoking in or near the woods and not to throw or drop lighted cigars, cigarettes or matches.

3. To notify your local warden promptly of any fire you see.

4. That fire prevention is the best and cheapest fire insurance.

5. To be fire-minded; be careful; be cooperative and thus help your warden prevent forest fires. **This is patriotism at work.**

The 1942 fire record for our town follows:

Number of fires or investigations, 2

Area burned, .147 acres

Number of permits issued, 28

Further detail data available upon request.
